

CBD Infused Pain Patch (120mg)

Infused with pure CBD, our THC free 40 mg Topical Pain Patch is an advanced transdermal delivery system that combines pure cannabidiol with 3% lidocaine and menthol for maximum efficacy for aches and pains in your joints and muscles. Sold in 3-packs (120 mg), these CBD patches are an excellent alternative to delivering CBD to the body with benefits that include time-release and targeted delivery, avoidance of the digestive tract and metabolism by the liver, and an 8 hour controlled and constant duration.

Our products are derived from High CBD/ Low THC plants that are never genetically modified, and grown outdoors in the USA. The state-of-the-art cloning program ensures consistency of genetic strains and promises a safe and regulated product, with excellent characteristics.

Active Ingredients

Lidocaine, 3%, Menthol, 2%, Hemp Oil Extract (Cannabidiol), 40mg

Inactive Ingredient

Acrylic Adhesive

Suggested Use

For temporary relief of minor aches and pains of sore muscles and joints associated with physical exertion. Remove patch from liner and apply daily, or as recommended by your healthcare provider, for up to 8 hours. Suggested areas of application: Shoulder, back or hip (areas with little or no hair). Avoid use of lotions or creams in area of application. Patches are water resistant, but not waterproof.
